What Is _____ **PYCNOGENOL®**

Pycnogenol® French maritime pine bark extract is extracted from the bark of mono-species pine trees grown exclusively in Les Landes de Gascogne forest in southwest France.

Pycnogenol® is a known powerful antioxidant, offering a unique blend of active compounds providing four essential health benefits:

- ✓ **Powerful Antioxidant Defence**
- ✓ **Natural Anti-Inflammatory**
- ✓ **Supports Healthy Collagen and Hyaluronic Acid Generation**
- ✓ **Supports Overall Condition of Blood Vessels**

4 ESSENTIAL BENEFITS

Powerful antioxidant

Acts as natural anti-inflammatory

Supports healthy blood circulation

Binds to collagen & elastin and helps regenerate hyaluronic acid synthase

DID YOU KNOW?

It takes 1000kg of pine bark to produce 1kg of Pycnogenol®.

Introducing Pycnogenol® Optimal+ 125

- ✓ Contains 125mg of 100% pure Pycnogenol®, **25%** more than standard formulas, and no added extracts that dilute potency.
- ✓ Combines modern science and Traditional Chinese Medicine for holistic and comprehensive health support.
- ✓ Promotes enhanced absorption and efficacy for maximum overall health benefits.

Enriched with

Mulberry

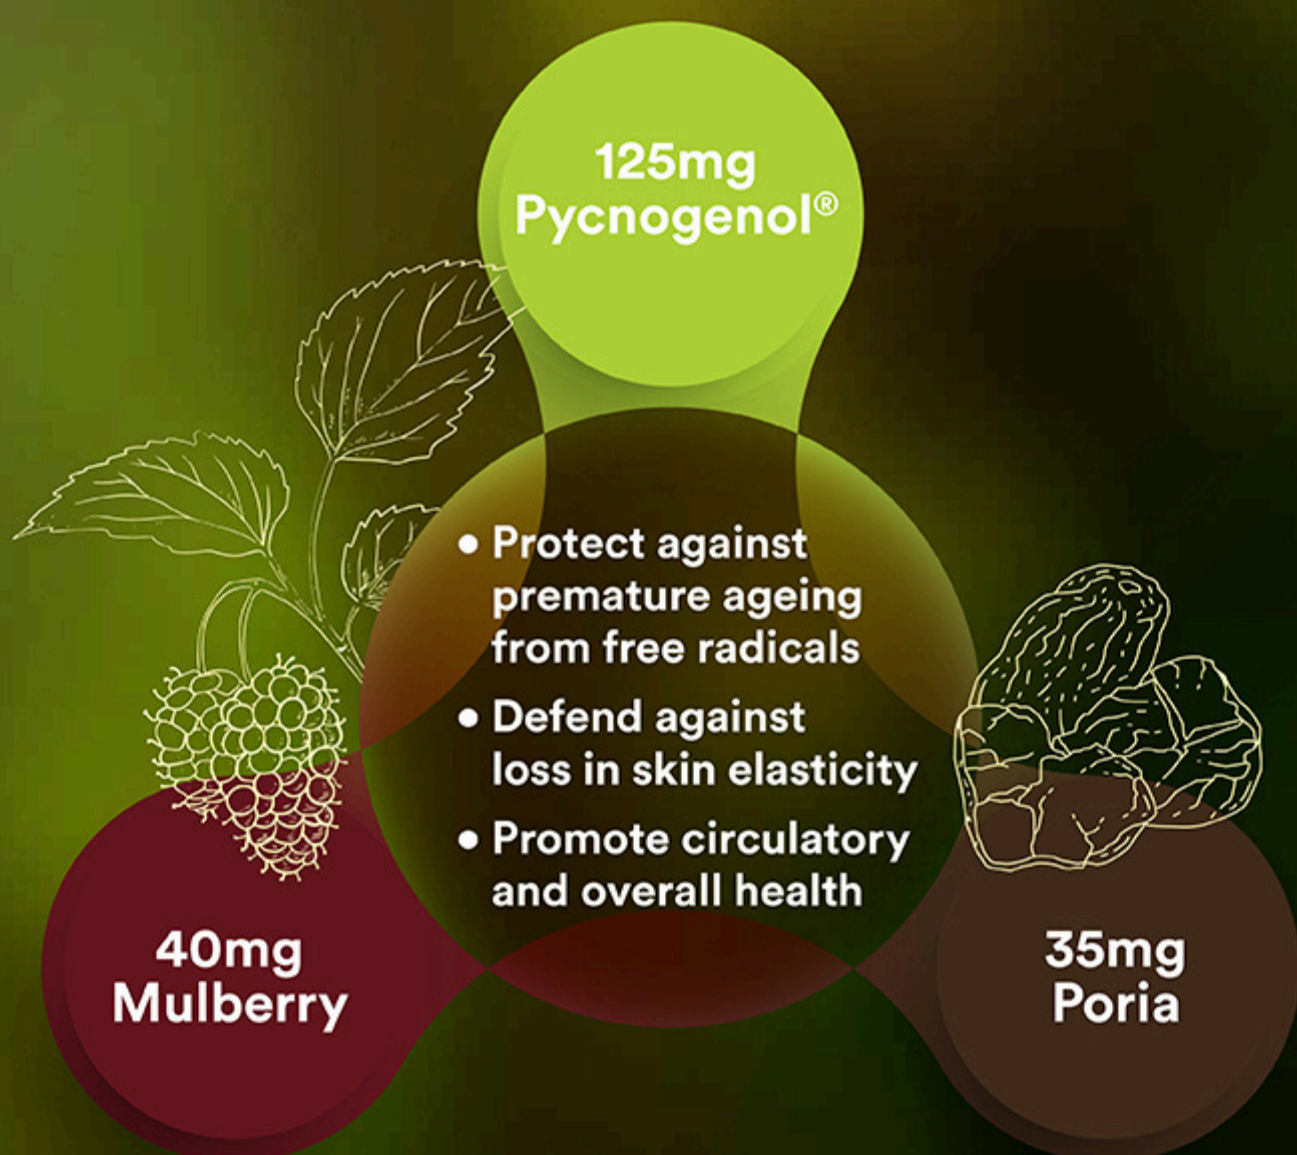

for boosting antioxidant effects

Poria

for extra-efficient nutrient absorption

How They Work Together

Synergy in Action to Deliver Powerful Health Benefits

Powerful antioxidant for protection against oxidative damage

Mediate inflammatory response

Promote healthy blood circulation

Improve overall wellbeing

Discover the New Gold Standard for Your Health.

Our health is challenged by constant oxidative stress from excessive exposure to free radicals.

Our fast-paced and demanding urban lives leave little time for our bodies to recharge, which can ultimately impact our health and weaken our immunity.
