

INSPIRED BY TRADITION

created for the modern woman.

Supple, Radiant and Hydrated skin

with an innovative skincare combining traditional remedies with modern science.

Glow with radiant skin rejuvenated by the proven restorative goodness of Bird's Nest. This marvel of nature boosts skin renewal and lights up your complexion by using modern science, formulated with active ingredients:

Hyaluronic Acid
to improve hydration
and smooth out fine lines.

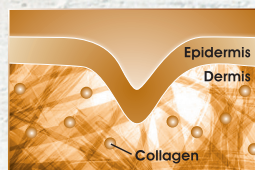

Epicalmin
to protect and reinforce
skin's immunity system.

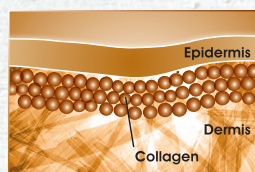

**8 compound
Lightening Active**
to protect and brighten
complexion.

Bird's Nest Boosts Skin Cell renewal

Research* carried out on the effect of Bird's Nest extract on cell viability showed a heightened increase in Stem Cell activity, improved Fibroblast and Collagen production and enhanced Epidermal Growth Factor to promote cell growth and tissue repair. Visible results include smoother, firmer skin texture and brighter, more radiant skin.
